

31th International Acoustical Imaging Symposium

April 10-13, 2011
Warsaw, POLAND

Executive Committee

Andrzej Nowicki, IPPT PAN, Poland
Tamara Kujawska, IPPT PAN, Poland
Jerzy Litniewski, IPPT PAN, Poland
Michael Andre, University of California, USA
Piero Tortoli, University of Florence, Italy

Main topics

The interdisciplinary nature of the Symposium is one of its main strengths. Papers are presented on the following subjects in acoustics:

- ◆ New methods in ultrasonography
- ◆ Physics and mathematics of acoustical imaging
- ◆ Biological and Medical Imaging
- ◆ Nondestructive evaluation and industrial applications
- ◆ Acoustic microscopy
- ◆ Underwater imaging
- ◆ Transducers and arrays

Symposium Venue

Hotel GROMADA Centrum
Pl. Powstańców Warszawy 2, 00-030 Warsaw

A very special room rates have been negotiated for our Symposium at the **GROMADA CENTRUM Hotel**. Located in the heart of Warsaw, the hotel is near downtown shops and restaurants, wineries and pubs, close to the Old Town and major attractions in Warsaw. Public transportation is available to/from the Airport and Railway station.

***Bring your family, arrive early
and stay late***
